Program facts

- 63.6% of our patients with brain injuries in 2023, returned home, having achieved their goals.
- 9.8% of our patients with brain injuries in 2023, were discharged to a skilled nursing facility.
- The Advocate Lutheran General Hospital rehabilitation program exceeds regional and national averages in achieving independence with mobility, dressing, grooming, speech, language and mental skills.
- Our rehab team has the skills and capabilities of treating patients with a general medical condition as we serve more disabled and medically complex patients than those served in other facilities in the region and nation.
- It is not uncommon for some patients to need additional medical attention and our physician can transfer patients to a medical floor in the hospital, if needed. 26.5% of our patients with general medical diagnosis transferred to a medical floor in 2023
