Program facts

- 75.0% of our patients with neurological diagnosis in 2023, returned home once they have achieved their established goals.
- 8.3% of our patients with neurological diagnosis in 2023, were discharged to a skilled nursing facility.
- * Our Rehab team has the skills and capabilities of treating patients with a stroke as we serve more disabled and medically complex patients than those served in other facilities in the region and nation.
- * It is not uncommon for some patients to need additional medical attention and our physician can transfer patients to a medical floor in the hospital, if needed. 16.7% of our patients with a neurological diagnosis transfer back to the medical floor in 2023
